

YUN WELLNESS CHAMPIONS CLEAN BEAUTY AND NATURE DERIVED FACIALS WITH TATA HARPER

[Hong Kong, 9 August 2023] YUN WELLNESS opened its doors to huge acclaim in June 2023, offering holistic and nature-focused wellness experiences infused with Shangri-La's unique Asian hospitality for guests at every stage of their life. As such, YUN WELLNESS is thrilled to be exclusively partnering with clean beauty guru Tata Harper for the launch of her world-renowned Tata Harper Skincare treatments and products in Hong Kong.

Tata Harper, Colombian beauty guru and industrial engineer, co-founded Tata Harper Skincare with her husband after her stepfather's cancer diagnosis revealed the dangers of synthetic chemicals in personal care products. As one of the pioneers of the clean beauty movement, Tata has consistently challenged the notion that women must sacrifice their health for their beauty. Over the past ten years, Tata has developed ground-breaking natural formulas that deliver powerful, multi-targeted results without a single drop of synthetic chemicals.

Tata Harper states: “At Tata Harper we are green beauty engineers, researching, developing, and producing formulas with the highest-powered ingredients and latest technology. Our nature-derived formulas are engineered, hand-batched, and filled one-by-one to create the freshest skincare possible that goes directly from our farm to your doorstep. “

By combining ancient practices with state-of-the-art technologies, Tata Harper Skincare goes above industry standards, delivering highly effective and one-of-a-kind journeys. Their Rituals are carefully crafted to provide visible results, utilising advanced facial massage techniques that stimulate circulation and define facial muscles. These techniques are combined with our powerful, multi-correctional technology to deeply nourish and transform skin.

Tata Harper Skincare’s ‘*Sculpting Facial*’ will be exclusively available at YUN WELLNESS. Designed to unlock skin's natural radiance, this transformative treatment is available in both 60-minute and 90-minute durations, offering a unique journey towards youthful, sculpted beauty. This facial targets skin ageing on a multi-dimensional level, improving the firmness of the skin while promoting cellular renewal. A full regimen paired with manual and cupping massage offers dramatically lifted skin with long-lasting hydration.

Tata Harper’s hero products will also be available to buy at retail from YUN WELLNESS including the Hydrating Floral Mask (HKD 860/1 oz), Resurfacing Mask (HKD 580/1 oz), Retinoic Nutrient Face Oil (HKD 1400/1 oz) and Resurfacing Serum (HKD 760/1 oz).

Kai Laus, Global Spa Director, Tata Harper Skincare states: "The partnership between YUN WELLNESS and Tata Harper Skincare represents a harmonious blend of luxury and holistic wellness. Our shared commitment to providing exceptional spa experiences allows us to create a truly transformative journey for our guests. With Island Shangri-La's unparalleled hospitality and Tata Harper Skincare's high-performance, all-natural formulations, we aim to elevate the spa experience to new heights, enabling individuals to embrace self-care and unveil their true radiance from within."

YUN WELLNESS simultaneously addresses the physical, emotional and mental components to health, offering everything from body treatments through to pre- and postnatal care; on to physiotherapy,

osteopathy, personal training and nutrition advice. Therapies on offer include a variety of massages, body treatments, and facials as well as programmes, specifically tailored to the needs of both men and women, that deliver a therapeutic benefit.

Wellness Director Dr. Tal Friedman ND concludes: “Our new oasis in the heart of Hong Kong offers all-round well-being at every stage of life, and creating holistic and supportive treatments and therapies is what sets us apart. We are thrilled to be able to partner with leaders of clean beauty Tata Harper, who bring to us an exclusive new experience.”

The Tata Harper Sculpting Facial costs HKD2,000 for 60 minutes or HKD,2600 for 90 minutes.
