Think Pink: Inter-Cham Breast Cancer Awareness Networking Event

BritCham Hong Kong, together with AmCham Hong Kong and AustCham Hong Kong, are pleased to support Breast Cancer Awareness Month in October by bringing you a morning tea reception on Tuesday 17 October.

Partnering with Phenomenally Pink, a breast cancer screening is automatically included in your ticket for the event. Should you not wish to use it on the night you may opt to donate it to Phenomenally Pink for their outreach work in Hong Kong.

Breast cancer has become the most common cancer affecting women in Hong Kong, and is the third leading cause of cancer deaths among women in the city. On average, about 13 women are diagnosed with breast cancer every day (Source: HK Breast Cancer Foundation). Early detection of breast cancer through screening drastically increases the chances of a positive outcome.

The event includes a chance to hear from health experts in the field including:

- Dr Dianna Cooke, General Practitioner, Central Health

**More speakers to be announced soon*

This event will offer participants the opportunity to network in person and connect with like-minded individuals on a topic which impacts thousands of women across the world.

Our thanks to our Venue Partner The Center Space for hosting us at their venue.
