UK Mortgages & UK Property Market Update

Join St. James's Place for a webinar on the latest advice on the property market in the UK, and how to secure a mortgage for it.

We will be covering a range of topics, including:

1. The challenges expats face when trying to secure a mortgage for property in the UK.
2. What do these interest rate increases mean for me?
3. Am I paying too much on my current mortgage?
4. Should I still re-finance?
5. What is the current state of the UK market?

The levels and bases of taxation and reliefs from taxation can change at any time. The value of any tax relief depends on individual circumstances. You are advised to seek independent tax advice from suitably qualified professionals before making any decision as to the tax implications of any investment.

Please note that your home or other property may be repossessed if you do not keep up repayments on your mortgage.
